REPORT NO.

1. The following is a translation of a proclamation distributed by the KKE (Greek Communist Party) in the second week of January 1952.

"Sixth Proclamation"

"The Kaffir of the American rule (Plastiras) has adjusted his line with a bunch of dogs and the views of the Fascist Rally. He did not only abandon his pre-election promises for 'Amnesty-Peace-Smashing Plutocracy-Abolition of the shameful certificates of political affiliations', but he even abandoned the famous 'Leniency Measures' which his government had announced officially. He betrayed the will of his voters, and instead of granting amnesty he condemned to death 12 patriots, Nikos Belogiannis and his comrades. He excluded them from the leniency measures in accordance with the orders of Peurifoy, of the Palace clique of Paul, and according to the wishes of the Papagos mob, so that they be executed, as Sakellariou shamelessly declared in Parliament. He launched the wildest terrorism with arrests of many citizens. The executioner Remis murdered comrade Vavoudis. The woman patriot Aikaterini Dala succumbed to the inhuman tortures of the American torturer Driskold at General Security; they threw her half-dead in her house and said that she allegedly 'had committed suicide'. Instead of pacification he sent more ships full of Greek soldiers to be massacred in Korea. He attached our country to the North Atlantic Pact and he will hand over the Greek Army to the chief butcher Eisenhower. Instead of smashing oligarchy, he became its supporter. He refused to satisfy the demands of the Civil Servants. Thousands of laborers have been thrown in the streets. Thousands of unemployed, with no extra pay, wander miserably and cannot find work. He betrayed the national demand of the people for the 'Union with Cyprus'. That was the change. What have all those who voted for it to say? They did great harm to the exiles and prisoners. The followers and the officials of the EPEK must orient themselves politically, and they must not be deceived by the demagogues. Let the followers and officials of the EPEK uncover the Judas of Democracy, if they do not want to become accomplices in the execution of comrade Nikos Belogiannis and his comrades, if they do not want Driskold and the sadists Angelopoulos and Krontiris to torture the Democratic citizens at General Security, if they do not want the heroes of our National Resistance to rot in the prisons, and if they do not want to approve the policy of destruction and political decadence. Let them separate their responsibilities,
